

Provide Your Members With Attractive Discounts On Professional Development

By partnering with Wiley Efficient Learning, you can give your members the added benefit of discounts on effective review courses and study materials as they prepare for advanced certification as C Certified Public Accountants, Certified Management Accountants or Chartered Financial Analyst. Our exam review courses deliver the industry's most robust, up-to-date content and have been proven to dramatically improve pass rates for working professionals.

The benefits of partnership include:

- Exam-specific review courses for CPA, CMA and CFA certifications
- Improved member satisfaction and retention
- The ability to totally customize course offerings to fit your curriculum
- Heightened awareness of your association and its mission
- Best-in-class customer service and account management

All accounting industry associations and societies are able to offer a discount on Wiley Efficient Learning products to their members immediately – just contact us to receive your discount code.

How It Works

Wiley Efficient Learning makes it easy for your association or society to provide your members with truly cost-efficient, effective professional development. We offer two options for ordering and using our exam review courses:

1. Custom webpage for members to order at a discounted rate.
2. Discount code for use to use upon checkout.
