

Help People Earn Valuable Accounting & Finance Certifications

By partnering with Wiley Efficient Learning, non-U.S. companies and accounting firms can prepare staff for advanced certification as Certified Public Accountants, Certified Management Accountants or Chartered Financial Analyst in the United States. Our exam review courses deliver the industry's most robust, up-to-date content and have been proven to dramatically improve pass rates for professionals working throughout the world.

The benefits of partnership include:

- Exam-specific review courses for CPA, CMA and CFA certifications
- Greater billable hours due to higher-credentialed staff
- Improved employee job satisfaction and retention
- Cost-effective training with heavily discounted per-user costs
- No-hassle deployment, either with turnkey solutions or custom integrations
- Best-in-class customer service and account management

We will work with you to deliver or create professional education solutions that meet your unique needs, whether you're training a handful of employees or thousands.

How It Works

Wiley Efficient Learning makes it easy for your non-U.S. firms and companies to provide truly cost-efficient, effective professional development. We offer several options for ordering and using our exam review courses:

1. Custom integrations into a portal or LMS with a per-user license fee.
2. Custom webpage in your local language for staff to order at a discounted rate, or your firm can be bill directly.
3. Discount code for staff use upon checkout.
4. Payroll deduction program.
